## A MESSAGE FROM OUR HEADMASTER

Summer 2020

Dear Friends,

Never in our lifetime has the importance of community been more evident. It is through shared connections that we can bolster and strengthen one another, while also challenging each member in our community to take that next step forward. The important narrative about the potential and capability from communities coming together is happening across the world right now. Still, it has been at the heart of The Southport Community since we first opened our doors in 1985.

Despite the unexpected circumstances we endured this spring, The Southport School community is as strong and connected as ever. While it will not come as a surprise, our faculty and staff made a herculean effort to leverage their talent, resources, and training to support our students and families in ways we would not have envisioned last August. While pioneering new pathways can bring challenges, it also creates new opportunities, which we believe will benefit our students for the long-term.

In a typical year, our essential work is made possible only through the generosity of our community, and the impact of that generosity has never been more apparent. We began the 2019-20 school year in the strongest position ever, from areas like enrollment and academic programming to our incredible facilities like the new Arts, Music, and Movement Building, and faculty and staff.

When I read your names in this Annual Report, I picture each face and think about the long-standing relationship we have with so many of you. Our relationship is symbiotic: we are here to help change the conversation for each child and family who begins a new journey with the Southport community. And they, in turn, are there to strengthen and grow the community for the next generation of learners to unlock their full potential and thrive with each other.

It is with deep gratitude that we reflect on what our donors make possible. Your foresight, commitment, and generosity create opportunities for us to be able to serve our students, families and the greater community to the best of our ability. Your support empowers us to fulfill our mission: *to provide transformative educational experiences that have lifelong impact on our students.* And, our vision *for a world where people with language-based learning differences and ADHD are embraced for their strengths and potential, and where all teachers have access to training in best educational practices and current research.*

Stay safe and healthy, and we look forward to welcoming you back on campus again soon.
